You see more of your T.V
Then you ever did of me
Your best friends channel 9
We took your list, the ones alive
There the last but your just fine
But that's not the way life goes

I just look into your eyes
'cause i wanna see
I wanna go Baby just come with me

Lets go lets go lets go, to the beach
lets go lets go just you and me
Lets go lets go...well be free
Well be free ya well be free

Tanning oil and palm trees
Lots of friends and beach parties
Your not strong then even a Bitch

Run away to miles of sand
You and me and maybe my band
Youll have fun im sure of it

I just look into your eyes
'cause i wanna see
I wanna go Baby just come with me

Lets go lets go lets go, to the beach
lets go lets go just you and me
Lets go lets go...well be free
Well be free ya well be free

I don't understand how
Life can pass you by
And baby I'll make you fly...Ill make you fly I'll make you
fly fly fly I'll make you fly

Lets go lets go lets go, to the beach
lets go lets go just you and me
Lets go lets go...well be free

Well be free

Lets go lets go lets go, to the beach

lets go lets go just you and me

Lets go lets go...well be free

Well be free ya well be free o well be free ya well be...
