[CHORUS]

Here i am
Losing gravity
2000 miles from the way it's supposed to be
I really feel like i'm sellin my soul here
Forget myself, i can't face my own face in the mirror
If i gave you fire would you turn it back on me?
Will i burn or will i melt, try and we'll see.
If they can find the trail of gasoline
If they're still not convinced
We could meet over coffee
And tell it like it was while you sit distractedly
And i will fade into the background
Out of touch with reality

[CHORUS]

Here i am
Losing gravity
2000 miles from the way it's supposed to be
I really feel like i'm sellin my soul here
Forget myself, i can't face my own face in the mirror
I never asked for this, as much as i came to receive
If you stop dragging me under, i'll feel compelled to
leave

You are my fuel, i am your match stick
And i'm combusting ever so gently

[CHORUS]

Here i am
Losing gravity
2000 miles from the way it's supposed to be
I really feel like i'm sellin my soul here
Forget myself, i can't face my own face in the mirror
I'm afraid of myself
And i'm coming apart at the seams
It's better when i lie
So i'll keep smiling while i'm kissing this world goodbye
I really feel like i'm selling my soul here
Forget myself, i can't face my own face in the mirror

[CHORUS]

Here i am
Losing gravity
2000 miles from the way it's supposed to be

I really feel like i'm sellin my soul here
Forget myself, i can't face my own face (in the mirror)
