Hello heart, where have you been?
We really need to talk, if I could find the conversation
Now in the pale light of my room
I think I see You, I think I see You

So nice to see you smile again
Maybe you never left at all
But I have to say, Iâ€™ve been missing myself lately
I was beginning to think that love would never show

Take my hand
You are all that this lifeâ€™s needing
You are the one who keeps me breathing
Hold me close
Iâ€™ll never be alone again

Now that I found a friend like You

Goodbye innocence, who did I think I was?
It seems I had myself wrapped around my finger
Now the advice I used to give can take the fall

So nice to hear you sing again
Maybe you never stopped at all
But I have to say, Iâ€™ve been missing myself lately
I was beginning to think that love would never show
You were right here all along

You were right here, always right here
You were right here, always right here
