Dreamin'
I'm only dreamin'
And when I'm dreamin'
It's always of you

Soft lights
With music that delights
No more saying no nights
Cause I'm with you

I wanna live
But I don't know what to say
I'd like to give you all my love
But I'd just dream it away

Lonely, when I get lonely
I'm dreamin' only
Only of you

I wanna live
But I don't know what to say
I'd like to give you all my love
But I'd just dream it away

Dreamin' (I wanna live with you)
I'll carry on dreamin' (wanna make love to you)
And I'll do my schemin' (gotta make love to you now)
Til it comes true

Soft lights (I wanna live)
With music that delights (gotta make love)
No more saying no nights (gotta make love to you now)
Cause I'm with you
