[Music: Bishop, Kibler; Lyrics: Bishop]

Whores and chicks, they'll suck my dick  
Their lies I see right through  
Carving out your cervix  
Make you regret the day you met me  
Suck dick bitch!!  
Suck dick bitch!!  
Take my load  
Cum over everything you see  
Cum splashes on your tits and in your eyes  
Lustful bitch, tell me how it feels to die  
When you know, my dick will be the last thing you see  
Hard as shit, covering you with my semen  
Coated thick with my load  
Coated thick with my load  
Suck my dick, then slit your throat  
Coated with my load  
Coated with my stinking load  
Coated with my load  
Coated with my stinking load  
Coated thick now with my load  
I cum again but never enough for you  
You bitch I'll make you see  
You're not alive  
Drowned with cum  
Coated thick now with my load  
I cum again but never enough for you  
You bitch I'll make you see [2x]  
*I denounce your cunt*  
*Coated with my semen*  
*Cum on your tits*
