Rotting, smell the stench
Shocking, can't help but stare
Maggots, feast on flesh
Dismantle the carcass

Severed, arms and legs
Intestines, hang from walls
Dismembered, a gory mess
Dismantle the carcass

Blood, covers the floors
From, these dead whores
Scraping, flesh and bone
Soon to become one

Carving, how I want
Craving, how I need
Smearing, this on me
Dismantle the carcass

Gore stain these walls
Broke and damaged bones
The sickest sight you will see
Dismantle the carcass

Heart ripped from the chest
Innards are half eaten
But I'll be back for more
Dismantle the carcass
I'll be back for more
Dismantle the carcass
