"Alone and by the way  
so jealously she kissed his tears  
but the memories never faded from me"

"to lye another year  
so recklessly directed lies  
but the darkness never faded from me"

"to walk alone  
and stand beside the emptiness  
but the memories never faded from me"

-Chorus-

"Darkness of your day  
and i dont  
and i dont  
and i dont mind the way  
the memories remain  
darkness of your day my love  
and i dont mind it  
the memories return and fade out"

"so i belong  
together in the truth on love  
but the memories never faded from me"

"and i recall the softness and the skin caress  
but the darkness never faded from me"

"to walk alone so jealous and directed lie  
but the memories never faded from me"

-Chorus-

"Darkness of your day  
and i dont  
and i dont  
and i dont mind the way  
the memories remain  
darkness of your day my love  
and i dont mind it  
the memories return and fade away"

"memories always turn and fade away  
fading  
fading  
fading  
fading  
Darkness of your day  
and i dont  
and i dont  
and i dont mind the way  
the memories remain"

("darkness of your day  
and i dont  
and i dont  
and i dont mind the way")

"memories return and fade out"

"the broken dreams will last  
return from white  
and fade to gray  
but the memories never faded from me  
to lye along the way  
and recklessly invent our love  
but the darkness never faded from me"

-Chorus-

"Darkness of your day  
and i dont  
and i dont  
and i dont mind the way  
the memories remain  
darkness of your day my love  
and i dont mind it  
memories return and fade out"

("out")
