I will rape you from behind, stench of your virginity
Overwhelms! Forcing my cock to mouth! Suck it you
Worthless whore! Grinding, pumping, ripping, tearing,
Raping til' you're dead! Make you vomit feces, all over
My dick! Fucking in both holes, pleasure to me, sacred
Act of killing! I will rape and fuck you til' there's
Nothing left to rape and fuck, then fuck some more!
Ignore your screams for mercy! God can't save me, my
mind
Is bound, crucified! My guilt is laid upon the cross for
All the world to see! I will slit you up your crack,
Aroused by virgin blood, cumming on your
bloodstained
Tits! Both chicks, dead by now! More I need, man, my
dick
Is stiff now! Reach back and lick it, never will I miss
The stench of shit that overwhelms all of my sense of
Reason! Fucking your ass 'til your body turns numb!
You
Will cry and scream, as I pump in your ass! Beg for me
to
Quit! All of the pain that I've inflicted, why don't I
Just kill you now?! Cry and scream as I pump in your
ass
[x4]! The pain goes on! To dine on flesh, and beat the
Corpse into submission! Prosthetics decay as I rot in
the
Bowels of disease!
