"Sometimes i hope that the dreams fail
and when the do they bring me around
shut her down"

"other times i want just to feel lke
sometimes i hope it takes me down
flutter around"

-Chorus-

"race!
gets behind you
race!
just to find the answers here
step out from the line again
race!
gets behind you
race!
just to find the extacy
step out from behind me"

"sometimes i hope that the world fails
just spinning out to drag me down
turn around"

"other times i think that the fears might
just screaming out to take me down
to the ground"

-Chorus-

"race!
gets behind you
race!
just to find the answers here
step out from the line again
race!
gets behind you
race!
just to find the extacy
step out from behind me"

"others trying hard to to bring the words
but i hope it take a turn for worse"

"others try and come along and take me down
but i only hope and pray for worse"

-Chorus-

"race!
gets behind you
race!
just to find the answers here
step out from the line again
race!
gets behind you
race!
just to find the extacy
step out from behind me"

"Why let you tell me race!"
