LAY HIM DOWN

Listen Girl

I ain't afraid to tell a man just what I want and what I
need

Even if he's short even if he's long as long as he's here
to please

And as we go our juices flow we scream again, scream
again

Let me do the things I want with you in here
Girlfriend

(Chorus:)

Let's lay him down
'Round and 'round
Make us hold our breath
Until we exhale
Let's lay him down
'Round and 'round
Come give me that
Come give me that
Come give me your body

Lay him down
'Round and 'round
Make us hold our breath
Until we exhale
Let's lay him down
'Round and 'round
Come give me that
Come give me that
Come give me your shh...

There ain't no need to tell nobody what we want
So we don't need to flaunt when we're done
Innerbitions go when we let go just let the flow take you
Where no one needs to know
When we're alone maybe I'ma take you 'till the break of
dawn
When we are alone
Come give me that
Come give me that

Come give me your body baby

(Repeat Chorus)

There ain't no need to tell nobody what we want

I ain't afraid

Let me do the things I want with you in here

Girl

No one needs to know

Come give me that

Come give me that

Come give me your body

I know

Come give me that

Come give me that

Come give me your shh...

I know

When we are alone

Come give me that

Come give me that

Come give me your shh...

(Repeat Chorus Twice)
