soon as you come in
that's where the dream begins
for i can feel no pain
come on you've got
what i'm waiting for
inside me now you feel
say my name you know the deal
come on and grind with all you might
tonight is gonna be a special night baby

i'm about to make you fall
some nigga grab a hold
i'm about to take control
of mind, body, and soul
one touch from me your sprung
i know you're having fun and
fun has just begun
now lay me down
give me your smile

close your eyes
come inside
fall into my world
i've gotta to have you next to me
fulfillin' all my sexual needs
(2x)

now we're both in our own world
your my man and i'm your girl
don't wanna quit don't want it to end
i mesmerized, is it mutual?
hold me tight don't let go
i'm almost there and this you know, baby
cause feelin felt is deep within'
come on and fill me up
i'm open to your love

i'm about to make you fall
some nigga grab a hold
i'm about to take control
of mind, body, and soul
one touch from me your sprung

i know you're having fun and
fun has just begun
now lay me down
give me your smile

close your eyes
come inside
fall into my world
i've gotta to have you next to me
fulfillin' all my sexual needs
(4x)

gotta have you next to me
gonna give you what you need baby
when you get between my knees
gonna give you all of me baby
(3x til fade)
