We are all fighting the same fight  
We are all in the same war  
We are all in the same revolution  
You got to know what you're fighting for

We are all fighting the same fight  
We are all in the same war  
We are all in the same revolution  
You got to know what you're fighting for

Yelling and kicking trying to stay alive  
All the time eyes on the prize  
But does anybody hear my cries  
Tell me something do I qualify?

Tv telling me we're just the same  
What they're talking is the same old game  
Tell me if I'm just like you, why can't I do the things  
That you do (huh)?

If war's the key, what door will it open?  
Is peace the answer, then what's the question?

War is hell  
Peace is hell  
Love is hell

Oh what the hell

My heart beats just like yours  
When I dream my mind soars  
But no fantasy can pay my bills  
Another dream unfulfilled

We are all fighting the same fight  
We are all in the same war  
We are all in the same revolution  
You got to know what you're fighting for

We are all fighting the same fight  
We are all in the same war  
We are all in the same revolution

You got to know what you're fighting for

Fight the fight

In the war

In this revolution

You got to know what you're fighting for
