You're all feeling ok? (Yes)
You're not just saying that because we're live on the
radio are you? (No)

The girls won't touch me cos I've got a misdirection
Living at night isn't helping my complexion
The signs all saying it's a social infection
A little bit of fun is never been an insurrection

My mam threw me out 'till I get some pants that fit
She just won't approve of my strange kind of wit
I get so excited, I always gotta lose
Man that send me off
Let them take the cure
I don't need a cure
Don't need a cure
Don't need a cure
I need a final solution
Don't need a cure
I don't need a cure
I don't need a cure
I need a final solution

Buy me a ticket to a sonic reduction
Guitars gonna sound like a nuclear destruction
Seems I'm a victim of natural selection
Meet me on the other side, another direction
Don't need a cure
Don't need a cure
I don't need a cure
I need a final solution
Don't need a cure
I don't need a cure
I don't need a cure
I need a final, final, final, final, final, final, final, final,
final, solution
