

## Living Colour "Pride"

When I speak out loud you say I'm crazy  
When I'm feeling proud you say I'm lazy  
I look around and see the true reality

You like our hair, you love our music  
Our culture's large so you abuse it  
Take time to understand, I'm an equal man

History's a lie that they teach you in school  
A fraudulent view called 'The Golden rule'  
A peaceful land that was born civilized  
Was robbed of its riches, its freedom, its pride

When I'm at work you say I'm great  
You watch and ponder but can you relate?  
Inviting eyes hands drop when the music stops

Don't ask me why I play this music  
It's my culture so naturally I u-u-use it  
I state my claim to say it's here for all to play

History's a lie that they teach you in school  
A fraudulent view called 'The Golden rule'  
A peaceful land that was born civilized  
Was robbed of its riches, it's freedom, it's pride

When it's time for a change concepts rearrange  
Now can't you feel my rage  
Well, it's up to you to seek the truth

To know your history  
The difference between me and you  
Relate to me as me not what you see on TV

History's a lie that they teach you in school  
A fraudulent view called 'The Golden rule'  
A peaceful land that was born civilized  
Was robbed of its riches, it's freedom, it's pride
