The sphere of confusion, special agent in charge  
Bureaucracy and aftermath, spirit advisor  
The sphere of chaos, grand illuminatus  
The sphere of discord, keeper of the Sacred Chao

They're workin' together for the magic Pentagon  
Confusion the first, bureaucracy the second  
Aftermath number three, chaos and discord  
They're workin' together for the magic Pentagon  
Helper and accomplice for the end of the world  
No one of the puppets knows what is done  
The end is comin' slow and no one feels the hurt

The Sacred Chao  
The Sacred Chao....  
The Sacred Chao  
The Sacred Chao....

For searching the rear-rank men, you'll pay with your  
life  
And if you find one, there are ten new of 'em behind  
You find a track but it goes lost in darkness  
You think you're workin' alone, you fall in helpless

They're workin' together for the magic Pentagon  
The sphere of confusion, bureaucracy and aftermath  
Chaos and discord, the end of the world  
They're workin' together for the magic Pentagon  
Helper and accomplice for the end of the world  
No one of the puppets knows what is done  
The end is comin' slow and no one feels the hurt

The Sacred Chao  
The Sacred Chao....  
The Sacred Chao  
The Sacred Chao....
