In another life  
You might have been a genius  
In another life  
You might have been a star  
In another life  
Your face might have been perfect  
In another life  
You'd drive a better car

In another life  
All your jokes are funny  
In another life  
Your heart is free from fear  
In another life  
You make a lot of money  
In this other life  
Everything is clear

In another life  
You're always the hero  
In another life  
You always win the game  
In another life  
No one ever cheats you  
In another life  
You never have to change

In another life  
Your friends never desert you  
In another life  
You never have to cry

In another life  
No one ever hurts you  
In this other life  
Your loved-ones never die

But this is the life you have  
This is the life you have  
This is the life you have  
This is the life

In another life  
You're always the victim  
In another life  
You're always the thief  
In another life  
You are always lonely  
In this other life  
There is no relief

In your real life  
Treat it like it's special  
In your real life  
Try to be more kind  
In your real life  
Think of those that love you  
In this real life  
Try to be less blind
