Well i don't really know you but i know your name  
Ive got so many questions so many things to say  
Well i believe that there must be some kind of evidence  
to make this case  
To fill a hole to make it stick is there someway i can  
make my place  
Youre the one to blame now im taking aim im never  
gonna  
Let you get away

Stop driving me away don't turn away  
Now ive got you framed don't turn away  
There's only one choice to make don't ever try and  
escape  
Im gonna make you love me  
Im gonna take you down where you'll never be found

Well ive got you in my sight in my line of fire  
Don't bother putting up a fight don't even try it  
Youll never get away ive got you right where i can see  
(you can't turn away)  
Youll never get away there's no escaping from me  
Youre the one to blame now im taking aim im never  
gonna  
Let you get away

Stop driving me away don't turn away  
Now ive got you framed don't turn away  
There's only one choice to make don't ever try and  
escape  
Im gonna make you love me  
Im gonna take you down where you'll never be found

And you know it's not right but you turn a blind eye  
And you wont even try well i can see right through your  
lies

Ive got you in my sight my line of fire  
Don't bother putting up a fight don't even try it

Stop driving me away don't turn away

Now ive got you framed don't turn away  
There's only one choice to make don't ever try and  
escape  
Im gonna make you love me  
Im gonna take you down where you'll never  
Stop driving me away don't turn away  
Now ive got you framed don't turn away  
There's only one choice to make don't ever try and  
escape  
Im gonna make you love me  
Im gonna take you down where you'll never be  
Im gonna take you down where you'll never be found

Don't really know you but i know your name
