"Fond Farewell"

Visit "[Fond Farewell](#)" on MotoLyrics.com

Look at what you made me do
You say I am angry
All because of you
Look at what you made me do
Here's a little thing I
Dedicate to you because

I bid you a fond farewell
Hope the story's good to tell
I bid you a fond farewell
I'll be seeing you in hell

Look just what you've done to me
Left me standing all alone
Now how long is it gonna be
Look just what you've done to me
One more thing before I go
A final message

[Chorus]
