There are some things you can't cover up with lipstick
and powder
Thought i heard you mention my name can't you talk
any louder
Don't come any closer don't come any nearer
My vision of you can't come any clearer
Oh i just wanna hear girls talk

Got a loaded imagination being fired by girls talk
Its a more or less situation inspired by girls talk
But i can't say the words you wanna hear
I suppose you're gonna have to play it by ear right here

And i girls talk
They wanna know how girls talk
They say it's not allowed girls talk
They say that it's so don't they think that i know by now

But the word word upon everyones lips took a joke and
it faded
You may not be an old fashioned girl but you're gonna
get dated
Was it really murder were you just pretending
Baby ive heard you are the living end

Girls talk they wanna know how girls talk
They say it's not allowed girls talk
They think they know how girls talk
They say that it's so don't they think that i know by now

But i can't say the words you wanna hear
I suppose you're gonna have to play it by ear

There are some things you can't conver up with lipstick
and powder
Thought i heard you mention my name can't you talk
any louder
Was it really murder were you just pretending
Lately ive heard you are the living end

Girls talk they wanna know how girls talk

They say it's not allowed girls talk
They think they know how girls talk

Girls talk girls talk
Yeah yeah yeah yeah girls talk
Yeah yeah yeah yeah girls talk
Yeah yeah yeah yeah girls talk
Yeah yeah yeah yeah girls talk
