(What's the matter? You make too much money buddy?
(noo) Let's sing from your hearts, lets go)

When you were just 16, you only had one goal
That's to build yourself up to be somethin'
Now surround yourself in lies
You've fooled around and all you've got to say

Is that
Mr Businessman tell me
Do you really know what you miss

Now that you're a big shot, scammed your way to the
top
Truth evolves into deception, take the piss to seek
attention
Time will come and you will have your day

So Mr Businessman tell me
Do you really know what you miss
What you Mr. Businessman tell me
Do you really know what you miss

(What's the matter? You make too much money buddy?
Let's sing from your hearts)

(WOOO)

Well...
When you were just 16, you only had one goal
That's to build yourself up to be somethin'
Now surround yourself in lies
You've fooled around and all you've got to say

Is that
Mr Businessman tell me
Do you really know what you miss
What you Mr. Businessman tell me
Do you really know what you miss

You're not gonna be a role model

You're not gonna be a role model
You're not gonna be a role model

You're not gonna be a role model
You're not gonna be a role model
You're not gonna be a role model
