Just when you thought

That you had it all worked out
You will be the last one
To figure it out

Then you will see

We just don't wanna fake it

That in order to be free
Anymore

It doesn't seem to add up
And nothing seems to matter

You've outgrown all the anger
You know that it's not the answer

Rising up from the ashes

You know we never meant to burn

Rising up from the ashes

We don't wanna answer

To a mixed up generation

There'll only be separating

Then what have we learned
And if we burn
