We will always be, we will always be, we will always be together.

We may never see, we may never see, we may never see it again.

Red, red light

This is an alarm, stay where you are.

State of emergency

This is an alarm, don't go too far.

State of emergency

This is not the end.

(State of emergency)

This is not the end.

We may never know, we may never know, we may never know what's ahead.

If you believe it, then you will see it. It's in front of you.

You know it's true.

Red, red light

This is an alarm, stay where you are.

State of emergency

This is an alarm, don't go too far.

State of emergency

This is not the end

(State of emergency)

This is not the end

The things we hate, the love we send - what goes around comes around again.

Standing on the starting line, make a wish and make the time.

It's just begun, it's just begun, it's just begun to matter.

It won't be done, it won't be done, it won't be done until the time has come.

Red, red light

This is an alarm, stay where you are.

State of emergency

This is an alarm, don't go too far.
