Why should I be responsible?
Why should I take the blame?
When both of us have the power
The power to change

There is no misunderstanding
There is no confusion here
I'm feeling disconnected
Swallowed by fear

Well I don't want to be a victim or a casualty
No I don't want to be a soldier on the battlefield of
Love
Battlefield of love, the battlefield of love
And I don't wanna be a victim or a casualty
No I don't wanna be alone here on the battlefield of
Love
Battlefield of love, the battlefield of love

We stand alone and divided
We stand alone and divided
We stand as one, we're united
We stand as one, we're united
We stand alone and divided
We stand as one, we're united

Why should we be responsible?
Why should we take the blame?
When all of us have the power

The power to change

Well I don't want to be a victim or a casualty
No I don't want to be a soldier on the battlefield of
Love
Battlefield of love, the battlefield of love
And I don't wanna be a victim or a casualty
No I don't wanna be alone here on the battlefield of
Love
Battlefield of love, the battlefield of love

We stand alone and divided
We stand alone and divided
We stand as one, we're united
We stand as one, we're united
We stand alone and divided
We stand as one, we're united

And I don't wanna be a victim of your life
And I don't wanna be a victim of your life
And I don't wanna be alone here
And I don't wanna be a victim of your life
And I don't wanna be a victim or your life
And I don't wanna be alone
