Ten minutes 'til I'm going
Into the crate I'm going
Strap me in to the chair
I'm getting out of here

I'm watching the red light
I'm leaving solid ground
I'm on a nowhere flight
At the speed of sound

I don't know if I'll ever come back
I'm gonna go where the sky turns black
I'm gonna make my home up in the stars

Because I'm going
To climb the atmosphere
Yeah I'm going
To find the New Frontier

I'm climbing higher
Then I ever had before
I don't know if I can
Head up too much more

It's getting harder to breathe
And now I'm feeling cold
Starting to lose my grip
I'm spinning out of control

And I don't know if I'll ever come back
I'm gonna go where the sky turns black
I'm gonna make my home up in the stars

Because I'm going
To climb the atmosphere
Yeah I'm going
To find the New Frontier

I'm drifting further
Into the atmosphere
And planet Earth looks
So small from hear

I can't see any sign
Of life up here

Please let me know
If you are out there
And that you got this message
Loud and clear
A final telegram from nowhere

I'm not coming back.
No I'm not coming back.
I'm not coming back.
No I'm not coming back.

Because I'm going
To climb the atmosphere
Yeah I'm going
To find the last frontier

Because I'm going
To climb the atmosphere
Yeah I'm going
To find the New Frontier

I'm never coming back down.
I'm never coming back down.
