

Living End "No Way Out"

Visit "[No Way Out](#)" on MotoLyrics.com

Will we ever get back home?
Will we ever get back home?
Will we ever get back home?
Will we ever get back home?
To the place,
Is it the same as when we left
Has anything really changed
Did they forget if so,
We'll never know if we never get back home

I can't see no way out.
My time is running out
I feel i'm breaking down

Stop what your doing get out, get out.
Come back
Stop what your doing get out, get out,
Come back home.

I can't see no way out,
My time is running out.
I feel i'm breaking down.

Will we ever get back home?
Will we ever get back home?
Will we ever get back home?
Will we ever get back home?
Will we ever get back home?

I can see the way out now
I can see the way out now
I can see the way out now
I can see the way out now
