She used to give me roses  
I wish she could again  
But that was on the outside  
And things were different then

We built our world together  
With a love so clear and strong  
But that was on the outside  
Where did I go wrong

On the inside the sun still shines  
And the rain falls down  
But the sun and rain are prisoners too  
When the morning comes around

Last night I dreamed we were together  
Sharing all the love we'd known  
Till I had to face the nightmare  
Of waking up alone

On the inside the sun still shines  
And the rain falls down  
But the sun and rain are prisoners too  
When the morning comes around (x2)

On the inside the roses grow  
They don't mind the stoney ground  
But the roses are just prisoners too  
When the morning comes around!
