Woke up this morning

Closed in on all sides

Nothing doing

I feel resistance

As I open my eyes

Someone's fooling

I've found a way to break

Through this cellophane line

Cause I know what's going on

In my own mind

Am I living in a box

Am I living in a cardboard box

Am I living in a box

Am I living in a cardboard box

Am I living in a box

Life goes in circles

Around and around circulation

I sometimes wonder

What's moving underground

I'm escaping

I've found a way ...

I've found a way ...

Am I living in a cardboard box

Am I living in a box (living)

Am I living in a cardboard box

Am I living in a box (living)

Am I living in a cardboard box

Am I living in a box (living)

Am I living in a cardboard box

Am I living am I living am I living

Am I living am I living am I living

(In a box)

Am I living am I living

Am I living in cardboard box

Am I living in a box

Am I living am I living

Am I living in a cardboard box

Am I living in a box
