Angels with dirty faces  
We got this underground  
We got this underground  
We got this new sound  
Alright, check it

We are there riding the scene  
The world goes on without you  
We are there riding the scene  
The world goes on without you

Sun-shh for Sunspot Jonz  
Underground legend bones  
Almost broke trying build this underground heaven  
We are lights of a passage

Be alert, be about work  
And penetrate while others hate  
Yo, they instigate, we translate  
Verbal codes into lyrical states

Can't wait for that phone call  
I'm calling you, what can you do for me  
And the Legendary?  
We must sell this CD

And make it back, those who lack  
Your mental will always hold your back  
I grew up up in Oakland, next to High Street  
Yo, my feet are my eyes and my ears are my moves

Bumpin' like this groove  
We choose to the rhythm  
We choose to the rhythm  
We move to the rhythm

Yeah, and it don't stop  
'Cause the world don't stop  
What you gonna do, draw?

We are there riding the scene  
The world goes on without you

(Never, never stop)  
We are there riding the scene  
The world goes on without you  
(Put 'em up, put 'em up)

Beauty like a woman's touch  
There's still so much to learn  
A kiss is a burn into my soul  
We know nothing but we see it all

This is all not the same  
I am a warrior  
On the mic you can't strike  
Yo, you better swing all the way

And bring home the pendant  
Yo, I didn't have all A's in school  
But I could see the way, fuck being average  
I knew the world was run by cabbage, green

Can't have owed, dream with the fishes  
We make wishes  
Ain't nothing ever gonna go  
Unless you go and just show oh so-so  
Ain't nothing ever gonna go

Ain't nothing ever gonna change  
Unless you go and use your soul  
Use your mind  
(We ridin' the scene and we gonna)  
Know your role, know your role, know your role

We are there riding the scene  
The world goes on without you  
(Yeah, the world go on without you, now)  
We are there riding the scene  
The world goes on without you  
(The scene, yeah, it go on without you)

We are there riding the scene  
The world goes on without you  
(Yeah, the world go on without you, now)  
We are there riding the scene  
The world goes on without you  
(The scene, yeah, it go on without you)

You always thought stuff was gonna stay the same  
You always thought you could just make and maintain  
The world go on without you, you never know

We are, somethin' to end out on

Let the music just fade out  
Then you can just close your eyes  
And just think about
