Baby it's like good fun Wholesome and bright
Old and young Twilight or day Can always behave
Workin' your play till it's done [The Grouch] Attitudes shinin' like
diamonds or glowin' I'm knowin' Open chakras and all
that it's showin' She called back, I'm happy and I ate
good I got an eighth of that fungus gonna take it at the
G&E Lake could... You roll that window down please?
Share my brand new tunes with them inner town G's
Now Let's bring the west coast back Vocals ? come
away since backpacks And chasin' them rats Burnin'
incense stacks Turnin' in them tracks to Amoeba A little
cash for PETA Before I have my seniorita And she had
her little feet up And we heat up Back seat of my beat
up.. Red Acura After the cinema shot And I'ma capture
the feel With my pen and then rock it for my friends
Drop gems Thoughts stem from my life And ain't him
[Chorus] Baby it's like good fun Wholesome and bright
Old and young Twilight or day Can always behave
Workin' your play till it's done Music to ears is like sun
rays Stories are told in tons of ways We gon get bold
We gon get brave We gon get wiser with age [Bicasso]
Take a snap shot Mental picture If you got that Camera
Kodak Know that time is stackin' up On they own back
Memories I own that Activities I did Exposures as a kid
Experience the love mamma live Daddy did too My little
brother, come now, Jamal man I miss you This world is
a gift who.. Ever would have thought Through a crystal
ball, we ballin' See what I saw Travel places and spaces
I've been has been raw Can I say Milky Way and mean
anything at all? This galaxy is a sail boat Motivate,
show and tell Made fun with this crew that I got All the
puss that's been stabbed And the shows that's been
rocked I made a little money But I spend a lot more
Cash flow I gotta keep this free movin' fresh Wider
swing low Till that chariot comes Sweet chariot come
And carried us away When I'm done Take me to the
sky, view the sun It's beautiful {*echoes*} And we
doin' it for fun [Chorus] [MURS] Now I always been free
Some say doin' me But I've been doin' me wrong For
way to long I used to be a fiend for nicotine Alcohol, I'm
gettin' clean Don't gotta be wasted every time I hit the

scene Tryin' to have a good time while Bein' straight
laced So I can look into the mirror and not hate my face
For damaging this tempo I've been blessed to be given
Tryin' to turn down this tempo on this mess that I'm
livin' Like shadow boxin' every time that we go and play
a show I just don't know If I'ma stay sober or if I'ma go
back Tryin' to get myself together while they gettin'
tore back But a day at a time I'm gonna stay on my
grind It's like double L Double A on mind If you see me
with a drink gettin' wild in the place Don't think less of
me if there's a smile on my face [Chorus] [Scarub]
Freshly dressed like fifty bucks I feel like a million,
bobbin' and weavin' in the scenein' Feelin' so good,
don't wake me up if I'm dreamin' Positive vibes don't
thrive like they used ta Over the feelin' when you livin'
the moment pushin' plans and the motion feel like a
good high don't it? Damn, what a drag when people
pull you in the past When the present is so pleasant Yo
right here is where it's at Yo, life's a gamble like slot
machines Grab a hold, take a stand Let it take you for a
spin, expand You don't give if you don't put in I don't
know about you But I ain't got no choice but to win See
when you're gone, you're leavin' everything Got jewels,
but they're stones in the end Can't take 'em home when
you're blowin' in the wind Get your weight up under
load light ends Drop hate for your life within
{*echoes*} Legends did it again [Chorus]
