"Obstruction"

Visit "[Obstruction](#)" on MotoLyrics.com

Being held fast by the cords of affliction

Subjected to mental infiltration

Conceived thought compromise obtained
Appealing to desires fatal if remain

Afflicted spirits

Under the authority

Christ proclaimed

Obstruction cease to be

Depraved aphrodisia wars against the soul

Fulfilling strategies of complete control

From the deep process of a darkened mind
Twistedly emerge images of this kind

Legions of the air on this journey they lead

Trouble is presented by an unjust gain

Obsession inspired nurtures dormant
Selfish ambitions that were plotted in vain
