Sickly

Symptoms
Complete full on replete
Dismissed the rest
You threw your life behest

Ruptured

Mainline imbibe
Inflict, in pain, suicide
You left us all
Self infliction in pain, mainline

Destroy, self-loathe
Destroy, self-loathe

It did not have to end
It all could have changed
So glamorous, so glamorous
Suffocating

You died on the floor of a bathroom
Ruptured and bloated
With your insides destroyed
With your insides destroyed

3x3, we carried your body that day
We put you in the ground
But no one saw the truth
Because others followed after

You died on the floor of a bathroom
Ruptured and bloated
With your insides destroyed
With your insides destroyed

You left us all
Self-inflicted
You left us all
Self-inflicted

Destroyed
Destroyed
Destroyed
Destroyed
