A simple test.  
(Probing) Probing loss.  
(Looking) Looking for a vein.  
(Tapping) Tapping on a grave they call their own.  
(I) desire.  
(I) invite  
(this) process.  
(Injection) begin.

Begin. Break the skin. Salvation quickly driven in.  
Pride in fracture. In subjection.  
A new supply running red with purpose.  
Nothing less than flawless in design. Flawless in design.

(Begin. Break the..)  
..Skin. Salvation. Quickly, driven in.  
(Begin. Break the..)

..Skin. Salvation. Quickly, driven in.  
(Begin. Break the..)  
..Skin. Salvation. Quickly, driven in.  
(Begin. Break the..)  
..Skin. Break the.. Skin. Break.

Systematic in, possession. Igniting all within.  
Running red with purpose.  
Nothing less than flawless in design.  
Flawless in design  
(Flawless in design)  
Flawless in design  
(Flawless in design)  
Flawless in design
