

Living Sacrifice "Conditional"

Visit "[Conditional](#)" on MotoLyrics.com

Fighting lapse of me
Conditioned thoughts, potency
Life force, extraction, nothing is not there

Precious wasted, killed and tested
To be what they want me to be it's not within me

Seething, loathing, free to think your way
Free to think your way

To be what they want me
To be what they want me to be
It is not inside me, it is not inside me

Lapse of life, conditioned thought told me, against me
Nothing is not there, nothing is not there
Nothing is not

Precious wasted, killed and tested
To be what they want me to be it's not within me

Lapse of life, conditioned thought told me, against me
Nothing is not there, nothing is not there
Nothing is not there, there, there, there
