Visit "[Darkened](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Enduring a steady assault  
To maintain civilization  
Violent society illustrates  
The industrialized nation

Godless act of  
Environment predation  
Committed by the dark side  
Of the human condition

Foolish hearts  
Have become darkened

Defending attempt, separation  
Spiritual awakening, regression  
Removal of morality  
Ways of the Godless harken

Foolish hearts  
Have become darkened

Emotional experiment  
Intellectual dishonesty  
Viewing existent that sustains  
Values entrenched in tradition shall remain
