Sellout, Sellout, selfish lust  
Gone, no time for games  
Free will reigns  
I will to surrender  
I will take my cross  
My flesh subjected  
My spirit rise  
Focus, Focus  
Straightway on my God  
No more needless  
Cares on temporal  
No more deception  
Subtle thoughts  
Focus straightway on eternal  
My spirit cries out to you God  
To live is Christ, to die gain  
I will not build again  
Things which I've destroyed  
I will not  
Make myself transgressor  
Hay and stubble  
Will burn away  
Only God, only God remains  
My spirit cries out to you God  
To live is Christ, to die gain
