Torture

The life and blood of God poured out
This is my home cannot turn away
Dedication and sacrifice
So many who knew before killed and tortured

How did you breathe? What did you see?
Your blood testifies of your witness, testifies, testifies

Moving toward the guillotine
Eviscerate by the execution
Burning at the stake of faith
The witness laid out for all to obtain

Justified, love your witness
Your sacrifice is mine

Moving toward the guillotine
Eviscerate by the execution
Burning at the stake of faith
The witness laid out for all to obtain

Your sacrifice is mine
Your sacrifice is mine
Your sacrifice is mine
Your sacrifice
