Product of some enlightenment  
Cheapening a life once lived  
The feeble and degenerate  
Deemed unworthy living burdens

Social engineering  
Genetic playground of the elite

Rationalize, these thoughts and processes  
Sterilize, conclude who can live and die  
Selective breeding, racial hygiene  
The extreme survival of social Darwin

Social engineering  
Genetic playground of the elite

Who decides who lives and dies?  
What is the cost of life?  
The intellect of a mini-God

Selective breeding, racial hygiene  
No compassion in this process  
Only pseudo scientific notions

Who decides who lives and dies?  
What is the cost of life?  
Who decides who lives and dies?
