Verse:

We're riding in on a sky lit drive,
It's getting cold but the night's alive,
Our hands are shaking, though we feel alright,
IT'S SO GOOD TO BE ON YOUR MIND,
I'm trying to write songs to sing,
While we're sitting here STAGGERING!
Take my hand because this ship is going down

Chorus:

GO! AWAY! WE NEED SOMEWHERE TO DIE!
SHUT! YOUR LIPS! IT'S TIME FOR YOU TO CONFIDE!
We need someplace to run to,
We need someplace to hide,
Don't you ever say "goodbye,"
I just want to scream "goodnight."

Verse:

Camera's rolling; let's paint the sky blue,
I just want to see HOW YOU MOVE!
The roll is calling so take a chance now,
Second City says to shake your chance now

Chorus
