Ba da da dum
Ba da da da dum
Ba da da dum
Ba da da da dum

Sitting in the sand
Ba da da da da
We were holding hands
Ba da da da da

You whispered I love you
Just between you and me

Ba da da dum
Ba da da da dum

Everyone had gone
Ba da da da da
We stayed on and on
Ba da da da da

Vowing to be lovers
Just between you and me

Ba da da dum
Ba da da da dum

I won't tell my mother
I won't tell my brother
They don't think
That were of age

No congratulations
Until graduation
Then we'll turn life's page

Til we tell the world
Ba da da da da
We will both agree
Ba da da da da

It's our little secret
Just between you and me

Ba da da dum
Ba da da da dum

I won't tell my mother
I won't tell my brother
They don't think
That were of age

No congratulations
Until graduation
Then we'll turn life's page

Til we tell the world
Ba da da da da
We will both agree
Ba da da da da

It's our little secret
Just between you and me

Just between you and me
Just between you and me
Just between you and me
Just between you and me
Ba da da da da da da da
