The simple pages that you bought
Will enlighten then your point of view
On that claim for witch you fought
Was only allowed to hear
That this be the reason I should feel
And I'm the only one with this point of view
On that claim of yours was real... but too late

Refrain:

But once again I'll give in
To the spaces in between
And once again I'll feel it's alright

You must be blind not to see
You're the only one that stay with me
While this room is empty no one cares of this fire
Just still remains

Refrain:

But once again I'll give in
To the spaces in between
And once again I'll feel it's alright

But once again I'll give in
To the spaces in between
And once again I'll feel it's alright
Ahhhh...

The simple pages that you talk
Came to late
White light

Refrain:

But once again I'll give in
To the spaces in between
And once again I'll feel it's alright

And once again I'll give in to the sound of us within
But once again I will feel it's alright

And once again I'll feel it's alright
