Today I'm here  
Searching in my head  
Words that I don't know  
Things I never said

Feeling the storm  
And the blow of the wind  
I didn't know  
The seeds of love were dreams

In a hurt soul  
We can still grow  
Up to the sky  
Closer to the heart

Sowing Love  
With the seeds of a dream  
Waiting home  
Feeling the blow of the wind

My way is your road  
My home is your heart  
Flying in your wings  
I'll never fall

The sun in lake  
It was just made for us  
I can't believe  
The seeds of love are dreams
