this girl i knew next door is in love with him
she wants to come over in the dim
she gets bad grades
all she does is fail
but one time he met her and fell for her
but he's playing on her for sure
everybody can tell
he doesn't love girls well
well listen you know that he's the bad boy
who smokes and drinks alcohol

he's the heart breaker
he's the one shaker
he lost all his memories
he doesn't love you
i know that's true
he's one shit of heart breaker
oh heart breaker
heart breaker

i know that the girl next door doesn't believe
listen up
love isn't watcha receive
you barely know him
you can't resist him
you like him
then kissed him over that night
what the hell is wrong with you
with ya
with ya
with you

he's the heart breaker
he's the one shaker
he lost all his memories
he doesn't love you
i know that's true
he's one shit of heart breaker
oh heart breaker
heart breaker
he's the heart breaker

he's the one shaker
he lost all his memories
he doesn't love you
i know that's true
he's one shit of heart breaker
oh heart breaker
heart breaker

oh yea
heart breaker
oh yea
heart breaker
he doesn't want you
yea that's hell true
hell true
swear to god
swear to satan
he doesn't love you

he's the heart breaker
he's the one shaker
he lost all his memories
he doesn't love you
i know that's true
he's one shit of heart breaker
oh heart breaker
heart breaker
he's the heart breaker
he's the one shaker
he lost all his memories
he doesn't love you
i know that's true
he's one shit of heart breaker
oh heart breaker
heart breaker
he's the heart breaker
he's the one shaker
he lost all his memories
he doesn't love you
i know that's true
he's one shit of heart breaker
oh heart breaker
heart breaker

OH YEA!
