I'm not too much of a woman at least that's what you  
say  
But you want me to get over love and it just don't work  
that way  
You tell me I'm failing you when I done all I can  
I'd be more of a woman if you'd be more of a man  
I'd be more of a woman the way you want me to be  
But you've gotta show me a better man if you wanna  
see the best of me  
If I'm gonna make you happy you gotta give me a  
helping hand  
And I'd be more of a woman if you'd be more of a man  
[ steel ]  
You don't know much about women not near what you  
think you do  
You think when you snap your fingers I had to fall all  
over you  
You're always talkin' bout other girls I can do anything  
they can  
I'd be more of a woman if you'd be more of a man  
I'd be more of a woman...
