"Like A Merry Go Round"

Visit "[Like A Merry Go Round](#)" on MotoLyrics.com

Our love is like a merry go round you build me up you
let me down
You make my heart go round and round it's true
But I like ride my merry go round with you

You got me goin' round in circlers still my heart is
spinning
I'm all mixed up whatever will I do
Just when I think we've gone somewhere we're back to
the beginning
I'm really gettin' nowhere fast with you
Our love is like a merry go round...

Our love is not going anywhere there'll be no
destination
You fickle and you never will be true
And if there is a ring somewhere it's only imitation
But still I love to go around with you
Our love is like a merry go round...
I like ride my merry go round I like ride my merry go
round
I like ride my merry go round with you
