You just walked right up to me here at the table  
Said you found somebody else that you love so  
I won't try to stop you darling I'm not able  
But let me ask you just one thing before you go  
Did you have to bring that up while I was eating  
Just to tell me that you're leavin' honey bunch  
Did you have to bring that up while I was eating  
Now you're gone with my appetite for lunch

Seems to me you ain't got no consideration  
Seems to me you're only thinking of yourself  
You sure picked particular time to conversation  
Just to tell me that you love somebody else  
Did you have to bring that up...

Oh to be so broken up like I thought I'd never  
Yes my heart is blue and broken that's for sure  
But with news like you are leaving me forever  
Couldn't you have waited half an hour more  
Did you have to bring that up...  
Did you have to bring that up...
