Ten times up and three times down everybody knows
that's the way to drown
And then it's too late to swim to the shore
And this'll be the third time you left me for her
And there ain't gonna be no another time there ain't
gonna be no another time
Where ain't gonna be no another time
When you leave you'd better pack cause you ain't
comin' back
There ain't gonna be no another time

Before we explain what I'm talkin' about three strikes
baby and then you're out
You've already had two swings at the ball there's just
one more and I think that's all
Cause there ain't gonna be no another time...
[piano]
I've always heard about the third time charm
And this is the strip number three that make two arms
I hope you'll find what you're looking for
Cause I'm changing the lock on my front door
And there ain't gonna be no another time...
