### "Rings Of Gold"

Visit ["Rings Of Gold"](#) on MotoLyrics.com

I remember when you said with this ring I Thee wed  
Now you've gone betrayed my trust rings of gold have  
turned to rust  
Tears can't wash away the sin love that's dead can't  
live again  
Knowing there's no hope for us turns these rings of  
gold to rust  
Plans we made just yesterday sands of time had  
chipped away  
Now they've crumbled into dust rings of gold have  
turned to rust  
Love before was clean and pure never more can I be  
sure  
You will not betray my trust rings of gold have turned to  
rust hmm hmm
