Oh hear the chimes ringing it's Christmas again  
With tidies of peace and good will to of men  
So greet every stranger and make him your friend for  
that is the spirit of Christmas  
(Christmas time Christmas time listen it's melting your  
heart)  
This I know love must flow for love is the spirit of  
Christmas

In Bethlehem's manger in years long gone then  
The Christ child was born so our love he might win  
So open your heart out and make him come in for he is  
the spirit nof Christmas  
(Christmas time Christmas time...  
Love is the spirit of Christmas
