(Thanks a lot for trying anyway)
What a shock to hear you say you're gonna leave me
Though you tried to let me down the easy way
You can't say you're gonna leave without it hurtin' but
thanks a lot for trying anyway
You were carefull with the words you chose to tell me
You couldn't break my heart in any nicer way
And you've done all that you could do to stop my
teardrops
Well thanks a lot for trying anyway
I'm so sorry I didn't take it better I'd give a lot if you
had not seen me this way
It's not your fault you couldn't keep your love from
dying
Well thanks a lot for trying anyway
[piano]
(Thanks a lot for trying anyway)
