They blink the lights to close the bar but not a soul has gone  
I guess they're satying round to see me crying carry on  
I did and planned to make a scene when I came here tonight  
But seeing him with someone else was just too much to fight  
I started weepin' and a cryin' told them I was dyin'  
beggin' for another chance  
I started pleadin' and a screamin' told them I was leavin'  
oh oh oh what a laugh  
He just turned his back and walked away and left me here alone  
Now the crowd has their laugh tonight so why don't they go home  
[ fiddle ]  
You think they'd never seen a girl with things like this before  
The way they all keep standing round hoping they'll see more  
I tried my best to just ignore the way he held her hand  
But seeing him so close to her was more than I could stand  
I started weepin' and a cryin'...  
The crowd has their laugh tonight so why don't they go home
